Itinerary all times listed are for the Mountain Time Zone

- **Day One: Meeting location depending on end of trip travel:**

1. **For those having a vehicle shuttled to takeout:**

Your trip will meet at 8:30 am at the Best Western Canyonlands Inn located at 16 S. Main Street. It is important to be on time for this shuttle. If you have any delays, please contact our office 1-800-453-9107. Outside the main entrance your shuttle driver (Moab Express) will meet you and take you to the put-in on the river.

2. **For those taking the charter flight from Hite to Moab at the end of your trip:**

Your trip will meet at 9:00 am at the Moab airport, located 20 minutes North of Moab. Please let our office know prior to your trip if you need this option so we can make sure shuttle company is prepared to pick you up at airport. Get there about 20 minutes early to park and pay. \$5 per night.

- Once you arrive at the put-in you will meet your guides and will get ready to launch. Your guides will answer questions and give an orientation that will include safety precautions and procedures you need to know before your trip launches. You will load the rafts and begin a leisure float through beautiful sandstone canyons. There are times when you will get to stop and enjoy short hikes. Forty-Nine miles downstream you will come to the confluence of the Colorado and Green Rivers. This is the beginning of Cataract Canyon and the rapids. Cataract Canyon contains some of the most exciting whitewater in the West. Each night is spent camping along the river and sleeping under the stars.
- **Day Four:** You will arrive near Hite Marina on Lake Powell around 1:00 p.m. Transportation back to Moab is arranged per your request prior to the trip and is an additional charge.

If you choose to fly back to Moab, you will be shuttled to an airstrip where a Redtail Aviation plane will arrive and fly you back to Moab. Please note: the FAA requires anyone 18 years and older to present photo ID for this flight. You should be back in Moab by 2:00 p.m.

If you choose to have your car shuttled to Hite it will be waiting for you upon arrival. Please make sure you bring 2 sets of keys and make all arrangements prior to your river trip.

Typical Day

A typical day on the river will include rafting for a few hours at a time, stopping for scenic side-canyon hikes, a stop for lunch, and lots of fun, laughter, learning, and excitement in between.

After a full day of river excitement, you will arrive in camp. Guests will be given time to find their campsite and then return to the rafts to create a “fire line” which is how we load and unload the rafts. Your help in passing the gear on and off the boat is greatly appreciated and can help you to really feel a part of the whole river experience but if you have physical restrictions or limitations that keep you from participating in this you are not required to.

The first evening in camp your guide will give a demonstration of how to easily assemble the cots you will be sleeping on and will be available if you need any additional help in setting those up. Tour West provides cots, tents (generally only used in case of rain), sleeping bags, sheets, camp chairs, and water-proof gear bags for all of our guest.

While you relax and take in the beautiful surroundings, your guides will prepare dinner. At night you will relax on a cot under a vast canopy of stars (in one of the brightest as the fresh air and sounds of the river lull you to sleep).

Each morning your guides will prepare a hearty breakfast. You will have a chance to enjoy eating before returning to your campsite to take down your cot and pack up your belongings into a dry bag. After bringing your bag down to the boats, guest participate in the fire line once again to load the boat and then you are off on another adventure filled day.

Dietary Restrictions

If you have any special dietary requirements please include them on your passenger information form. Due to limited space and the nature of our buffet style meal service, we are unable to accommodate extreme dietary needs such as Kosher and Vegan.

We can accommodate Vegetarian, Gluten Free, Dairy Free diets. For more information, please see our website.

Severe Allergies are taken very seriously. Thoroughly describe your allergies and symptoms on your form online. Please be aware this is a wilderness setting and emergency response times are delayed due to the setting. If you have concerns please contact our office. We do ask those with severe allergies to bring 2 epi-pens on your trip.

Physical Recommendations

A river trip is a participatory experience and requires each guest to be reasonably self-sufficient. Please consider carefully any medical or health conditions that would endanger yourself, or others on the trip, or diminish the enjoyment of a wilderness adventure. Minimum recommendations to participate include:

- Being able to firmly grip ropes or handhold provided while running the rapids
- Enough agility to climb on and off the rafts—this could be as much as a 2–3-foot reach sometimes on wet or slippery conditions
- Fit into our Class V lifejacket (max 58” chest) required by the National Park Service.
- Ability to navigate uneven terrain on hikes and in camp. Sometimes while carrying your personal gear.
- Ability to tolerate prolonged exposure to environmental conditions & temperatures up to 120 degrees Fahrenheit.

Our principal objective is for you and your fellow guest to have an enjoyable, safe and fulfilling experience. If you are concerned about any of these recommendations, please call our staff and we will be happy to discuss your specific circumstances. We do our best to accommodate our clients and ask that you consider these recommendations before you begin a wilderness adventure. If you have any questions about river rafting and the inherent risks, please contact our office.

Weather

We always hope for good weather and usually we get it but you should **be prepared** for cooler weather and storms. The following chart shows averages in the inner Grand Canyon from April through October. Children and some adults tend to get colder in the warmer summer months and need to be prepared for this possibility.

Temperature & Precipitation	Apr	May	June	Jul	Aug	Sept	Oct
Mean Max Temperature	83	92	101	106	103	96	83
Mean Min. Temperature	56	60	71	79	74	70	58
Precipitation (inches)	.38	.22	.38	.78	1.22	.43	.49

Your Health on the River

Your health and safety are always our top priority. As you travel to and from the river we ask you to take all precautions to help prevent the spread of any possible virus. Some of the CDC recommendations as you travel include: wash your hands with soap and water or with hand sanitizer with at least 60% alcohol, avoid touching your eyes, nose or mouth with unwashed hands, cover your mouth and nose with sleeve (not your hands) when you cough or sneeze, avoid contact with people who are sick. Please visit the CDC website for more information on how to prevent spreading virus’.

<https://wwwnc.cdc.gov/travel/page/resources-for-travelers>

If you do show signs of illness as you travel, we ask that you please let your guides know asap so they can take proper precautions to help you and prevent spreading to others.

Preparing your Gear

Every person who travels with us is different and has different needs. We do our best to provide the most comprehensive list for what most people need on the river, but you will have to use your judgement on some things. Please remember this is a wilderness setting and our packing list is as comprehensive as possible.

The following page is a checklist for personal gear that you should consider bringing on your raft trip. With regards to clothes, give some thought to your own personal needs. Are you the first one to get cold or the last? Are you light skinned and need more sun protection or do you go all summer in shorts or swimsuit? Do you need to change clothes often or are you comfortable in the same swimsuit or shorts for a couple of days? What type of shoes would work best for you, given the conditions on the trip?

The Colorado River can go from warm to cold rather quickly so please don't go on a river trip without a jacket or fleece sweatshirt, rain gear and a long pair of pants. Your best bet is, don't go on the trip without good rain gear and a jacket or fleece sweatshirt! The weather is unpredictable so please be prepared.

The Colorado River is a muddy river and clothing can become discolored. Please pack accordingly.

Packing List The following list suggests items you should bring for your trip. When packing please keep in mind that:

1. You must limit your gear to 25 pounds
2. Your bag should be a soft side duffel bag that is approximately 12"x13"x24" in order to fit in our 16"x33" dry bag we provide you. Our sleeping bag will also fit into this bigger dry bag with your duffel during the rafting trip.

CLOTHING ITEMS—all items are strongly encouraged to prepared you for a wilderness experience.

General Information

BEVERAGES: We provide cold Gatorade and water all day on the boat and in camp in the morning & evening. If you wish to have any other beverages (soda, juices, alcohol, etc.) you must supply your own. Hard liquor should be in plastic containers. Soda, beer, and any additional beverages must be in aluminum cans (**NO GLASS**). Your beverages will be stored away by the guides during the day and available to you in the evenings. You can purchase beer, wine, and soda in Moab.

VALUABLES: You will want to have photo ID, a major credit card, and some cash for gratuities. All other valuables and jewelry should be left at home or in a safe location.

GRATUITIES: It is customary upon receiving a satisfactory trip to tip the river crew. It is an acknowledgement of a job well done and greatly appreciated by members of the crew. If you feel a tip is in order, the average runs between 10%-12%. You may leave it with the trip leader and he/she will distribute it among the crew.

LUGGAGE STORAGE: We are unable to store luggage for you in Moab.

CAMERAS & VIDEOS: We encourage you to bring your cameras with you on your trip of a lifetime! Please keep in mind there is a lot of water and sand and you will need to properly protect your camera. If you bring a phone as your camera, we recommend a waterproof case similar to these at Seawag. www.seawagusa.com. If you bring a DSLR we recommend you bring them in a pelican case with a few carabiners to secure it to the raft. Also plan on bringing a portable power bank and a charger as we do not have a way to recharge your cameras. You are welcome to bring a Go Pro Camera. Please make sure you bring a strap for it! Drones are not allowed in the National Parks.

FISHING – You may bring a small collapsible fishing rod. You can fish from the shore but not while the boat is underway. You would be fishing mainly for carp and catfish. Fishing licenses can be obtained through the Utah Fish and Game website: <https://wildlife.utah.gov/licenses/licenses-permits.html>

REGISTRATION FORM – We require that each passenger taking our trip fill out our registration form. This form will give us more information on how to better serve you while you are traveling with us. Please make sure to include on this form if there are any special physical or medical conditions, we should be aware of. You will fill this out online.

ACKNOWLEDGEMENT OF RISK FORM-We require that each passenger sign an acknowledgement of risk form. Anyone under 18 must also have the signature of their parent or legal guardian. This form must be returned to our office prior to your trip.

CANCELLATION POLICY – Deposits are non-refundable. Cancellations received between 31 and 60 days prior to departure forfeit one half the tour cost. Cancellations between 30 days and the day of your trip lose the entire tour cost. No shows lose entire tour cost. We are firm with this policy and suggest you purchase cancellation insurance. This would help reimburse you in the event of illness or other unforeseen reasons for cancellations. Forms are available in our office or from your travel agent. This cancellation policy applies per person.

EMERGENCY INFORMATION – During the season, you may call us after-hours or on weekends at our regular toll-free number (1-800-453-9107). The message will give you the numbers of those you can contact or you can leave a message and we will get back to you as soon as possible. Please be aware that getting an emergency message to a guest on our river trips, even in the event of a death in the family, will not be possible. Canyonlands National Park's policy is not to allow the use of helicopters to contact or remove river guests for this type of emergency. Please give our toll-free number to family members and have them call us if there is an emergency while you are on the river.

Frequently Asked Questions

1. Who will our guides be?

Tour West feels that we have the best guides in the business. Our guides are all whitewater qualified with an average of fifteen years and hundreds of miles of river experience. Each guide is an accomplished outdoors person with wilderness first responder training, a background in natural history and the ability to make each river trip special and memorable.

2. Where and when will I get my river and camping equipment?

Your waterproof duffle bag, small day use dry bag, sleeping bag, sleeping pad, sheet, small water-resistant bag and cup will be available when you meet your guide at the put-in. Your cot and tent will be available at the first night's camp. We recommend you only set up a tent if there is a threat of rain. Nothing beats sleeping under the stars!

3. What items will I have access to during the day?

Every morning your waterproof bag containing your sleeping gear and clothing will be loaded on the boat and packed away for the day. Your small dry bag is used to store any of the items that you will need to get to during the day, such as sun screen, hat, camera, water bottle, etc.

4. What is the menu like?

We take pride in offering well-rounded meals that are very appetizing with sufficient quantities for everyone. Breakfast items include many traditional favorites from pancakes to omelets, fresh fruits and juices. Lunches are a favorite for many with a variety of deli meats and cheeses, salads, chips and cookies. At the end of the day, you are ready for a hardy meal expertly prepared under a western sky. You'll have fresh salads, chicken, steak, side dishes, and of course, desserts. All meals include water and gatorade to drink.

NOTE: If you have a special diet or allergies, please inform us of your specific needs so that we can determine how to best accommodate you. Please visit our website for in-depth dietary information.

5. Where will I bathe?

You are allowed to bath in the river. Some campsites have great beaches for bathing while others don't so we encourage you to bring baby wipes or face wipes. Leave in conditioner is helpful with longer hair. Lotion is also great after a bath as the air is extremely dry. Soap is only allowed in the main river. We do not recommend you bring solar showers because they are difficult to store and difficult to use on the river.

6. What about bugs and snakes?

You can get mosquitoes and we recommend you bring bug spray incase. Snakes and scorpions are seldom seen. Most trips will have the thrill of seeing Desert Big Horn Sheep and many varieties of canyon birds.

7. Can we expect rain?

We never know for sure when it will rain, so even if you are taking a mid-summer trip be sure to bring a two piece rain suit! Ponchos are not recommended.

8. What are the toilet facilities like on a river trip?

During the day, all urine must go directly into the river. Which means squatting/standing near the river's edge or wading in. There will be pit stops during the day, but if you have to go tell the guide so they can find a good place to pull over. There is a wonderful new device available for women to use in wilderness settings to urinate. Check it out and if you are comfortable we highly recommend it along with women who have suggested using them on river trips: It is called the <https://www.thepstyle.com/> Available on amazon for \$12. If you need to poop during the day, the guides have a portable toilet system. Each evening we set up a camp toilet for solid waste, while urine continues to go into the river. At the hand wash station we have a "key" so you aren't disturbed while using the toilet. The guides will explain the details of the sanitation and bathroom procedures in greater detail during on-river orientation.

For women who may be on their period while on your river trip, it's helpful to plan ahead and pack for the unexpected. If you will be using tampons, bring a 'Go With Your Flow Pack' or several Ziploc bags and plenty of baby wipes. Make sure you keep these supplies handy during the day, in your provided day dry bag. When you change during the day, you can wrap the trash in a baby wipe, put that in a Ziploc and dispose of it in the boat trash system. As you will get wet a lot on your river trip, using pads is not recommended.
